Samuel Beekman Takes Pacific Coast Senior Golf Championship

JOHNSTON IS CLOSE BEHIND

Trails Annandale Star by Two Strokes at Midwick
Winner Has Total of 159 in 36-Hole Event
Class E Championship Goes to M. M. Sheedy

BY CHARLES WEST
Samuel Beekman, who spends most of the winter months at the Annandale Golf Club, and wastes his summers in Providence, R. I., yesterday won the Pacific Coast senior golf championship by finishing with a total of 159 strokes for 36 holes in the two-day championship tournament at the Midwick Country Club. In recognition of his triumph Beekman was awarded a silver putter, and nothing could have been more appropriate, for he was largely through splendid putting that Beekman won the title.

Although the veteran A. D. S. Johnston led the field yesterday morning with an 82, Beekman pulled up from third place with a nice 75, and had an advantage of two strokes over his nearest rival—Johnston—when the battle was over.

THIRD PLACE
Following Johnston was Josiah Collins, senior champion of the Pacific Northwest, with 169 strokes, and J. N. Walter was fourth with 170.

M. M. Sheedy won the honors in Class E by the tremendous margin of eleven strokes, finishing with the commendable total of 151 strokes. Class E was composed of golfers who are proof of the fact that the span of life on the links isn't limited to three score and ten, all of them being 70 or over.

W. K. Jewett with 173 strokes won in Class D, retaining the lead he established on the first eight holes, and A. D. S. Johnston finished eighth strokes under his nearest competitor in Class C with a score of 161. F. W. Goakes moved out E. J. Ridgway in Class B, winning by one stroke with 174, while J. N. Walter took the Class A title with 175, none of his competitors coming within six strokes of him.

CHAMP SLIPS
J. A. Rankin, the defending Coast champion, got away to a bad start Wednesday with an 87, and then lost his slight chance to retain the title with a bad 96 yesterday. Neither Beekman nor Johnston played up to the level of which they are capable, as each is consistently in the 70's, but Beekman is deserving of considerable praise for winning from Johnston on his own course.

Complete results, with trophy winners, follow:

CLASS E (70 and over)	Score
M. M. Sheedy (winner) (pro. 121)	151
M. R. Bennett (best amateur, 22)	162
M. M. Sheedy (winner) (pro. 121)	151
M. R. Bennett (best amateur, 22)	162

CLASS D (65-69)	Score
W. K. Jewett (winner)	173
J. A. Rankin (defender)	174
J. N. Walter	170
J. A. Rankin (defender)	174

CLASS C (60-64)	Score
J. A. Rankin (defender)	161
J. A. Rankin (defender)	161
J. A. Rankin (defender)	161

RESUME TENNIS PLAY TOMORROW

The annual midwinter tennis tournament of the Southern California Tennis Association will be resumed tomorrow with semifinal and final matches, according to an announcement made last night by Wynn Mace, secretary. Finals in ladies' singles and mixed doubles will be played tomorrow. Mrs. W. M. Henry and Mrs. May Sutton Bundy opposing each other in the feminine competition. Sunday afternoon the finals in the other four divisions will be played.

Division	Player	Score
Ladies' Singles	Mrs. W. M. Henry	102
Ladies' Singles	Mrs. May Sutton Bundy	101
Mixed Doubles	Mrs. W. M. Henry & Mrs. May Sutton Bundy	100

CALTECH DIAMOND MEN OUT

Six Veterans on Hand for Early Season Practice at Pasadena Institution

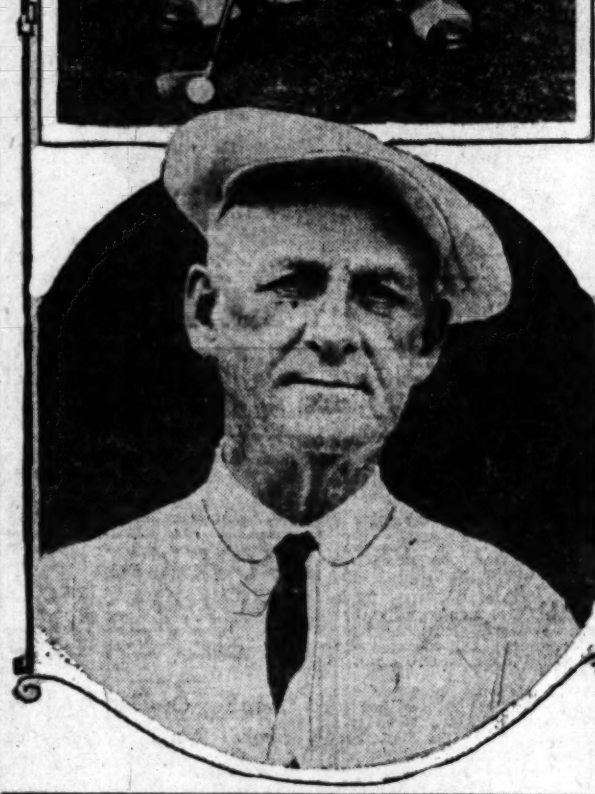

(SPECIAL DISPATCH)
PASADENA, March 5.—With six letters back at college and out in suits, baseball practice is well under way at Caltech. About twenty men responded to the first call issued by Coach Musselman, and he is pleased by the showing. Graduation took the fielders and battery. Crocker, about the only remaining fielder, will probably have to be moved in as an "off" season.

The bases will be ably manned by leftfielders, Peterson, Larabee and Allyn being back and out for their old positions. Carl Reed is expected to take his old place at shortstop. The fresh of last season have contributed Olsen, a possibility as pitcher, and Snyder, who will try for catcher's berth.

RUTGERS HAS FROTH TEAM
Rutgers freshmen will have a track team for competitive athletics for the first time this season. Coach Bernie Wefers is in charge of the variety squad which will make its debut at Penn's relay races, April 24-25.

THEY LAUGH AT FATHER TIME

Behold the Pacific Coast senior golf champion, Samuel Beekman of Annandale, and the runner-up, A. D. S. Johnston, the low scorers in the annual battle for the championship which was completed at Midwick yesterday. Beekman, shown putting, had a total of 159 strokes for 36 holes, while Johnston was two strokes behind.

OBSERVATIONS

BY THE INNOCENT BYSTANDER
BILL HENRY

THE baseball bug seems to be biting hither and yon nipping the fans who have been sleeping during the off season. There really isn't any such thing as a "dead" season in California, as they play ball all year around here, and the Coast League pick up many an honest dollar playing on the semipro teams hereabouts.

Last year our local teams came along pretty well after a discouraging start, and this year they are very likely to make somebody sit up and take notice. Bill Easick's "Red Scouts" did as well as could be expected, but bigger and better things are expected for this season, as the extra year of seasoning ought to make Bill's outfit stiffen up considerably. Last year's baseball season was the best in history, and this one should be even better.

Ted had Tony Fuente's tonal had to inflate. Anyhow he'll be in good shape, pretty soon and that fight with Sailor Huffman will be on once more. If Jack Doyle wants to make a couple of million dollars for himself and the two fighters he ought to stage it on a bright Sunday afternoon when the fleet is at San Pedro, in the Vernon ball park. With 60,000 gobs in town and a sailor champ fighting the house would be a record breaker.

Since Fuente's separation from Fred Winsor and the "expose" which followed shortly afterward a lot of people have sopped over and begun to think that "exposed" can't lick anybody. They're silly if they think that, for Fuente made a very creditable showing against Floyd Johnston and Floyd, while Huffman has been well pressed around the dirt and board tracks for a long time.

MORMONS TRAIN AT LONG BEACH

Bee Batterymen Working at Recreation Park

Strength of Infield Hinges on Kerr's Class

Salt Lake Squad Has Plenty of Hard Hitters

The so-called hiveless Bees are at home in Long Beach. For the past ten months practically every city on the Pacific Coast has at some time or other offered to take over the Salt Lake franchise, but with the opening of the 1925 Coast League baseball season near at hand, owner Billy Lane rises to remark that his athletes will continue to make the Utah metropolis their headquarters. Right now the Bees are very well satisfied with their Long Beach hangout and for the next four weeks Manager Oscar Vitt and his charges will receive their mail in care of the beach city.

Starting their spring training last Monday, the Utah toasters have been putting in four hours daily at the Recreation Park diamond. A score of pitchers and catchers are in camp and by the first of next week all of the regulars will be in the fold and then things will begin to hum.

LANE SATISFIED
Lane is very well satisfied with his club as it stands. Behind the bat he has "Jumbo" Peters and Les Cook, veteran catchers from last year's squad. Silver and Thompson, two youngsters, are being given a chance. John Singleton, Elmer Ponder, Phil Mulcahy, Harry O'Neill and Hank Huliver, who carried the brunt of mound duties a year ago, are on hand. In addition, Bill Piercy, senior Vernon hurler, has been cured and a left-hander, named Perry is also in the fold. Lane hopes to get one good southpaw out of his recruits, and right now the most promising prospect is Guy Starnes, a right-hander of Springfield, Mo. Stuart is a practicing physician who played a lot of semipro ball in Missouri last year. He is well built, has a nice style of delivery and his record of strike-out victims brought him the title of "Strike King" in 1924. He pitched a 200-pound athlete, is also showing well. If one of the recruits doesn't come through Lane will get a capable southpaw from the East to round out his twirling staff.

Piercy, who came to the club in the deal which sent Dudy Kallo to the Boston club, may bolster up the pitching staff. He didn't have an especially good season last year, but Lane expects him to hit stride on the coast. Mulcahy, 26-year-old youngster, is sure to have a great season. In Lane's estimation, he pitched some of the best ball last year, but was not handled right and consequently got overworked. Harry O'Neill, who has a three-hit Salt Lake game to his credit, and Singleton are capable of holding their own with any of the toasters in the league. The exact status of the infield depends to a great extent on how the purchase of Johnny Kerr, former Boston infielder, turns out. Kerr is a right-hander, a good fielder and has plenty of the old-time grit. He is not a powerful hitter, but that doesn't make a great deal of difference, as the team is already well supplied with enough big stick men on the club to give the Bees a strong attack. Lane is not at all sure that Kerr, if he lives up to advance notices, should become a fixture at short.

NOT WORRYING
Leslie, Lindmore and Vitt will handle the three bags and, needless to say, there is little or no worrying being done about these positions. Lazere, who was used at short and third last year, will also be on hand again.

Hitting strength—and plenty of it—was found in the outfield. Fredrick, O'Doul and Sheehan are all veterans and in addition Vitt is a right-hander, a good fielder and a powerful hitter. He is not a powerful hitter, but that doesn't make a great deal of difference, as the team is already well supplied with enough big stick men on the club to give the Bees a strong attack. Lane is not at all sure that Kerr, if he lives up to advance notices, should become a fixture at short.

ILLINOIS SOLONS MAY BRING BACK BOXING
(SPECIAL DISPATCH)
CHICAGO, March 5.—Boxing in Illinois, knocked out by statute since 1874, to stage a comeback, if the General Assembly acts favorably on a bill to legalize prize fights, which will be introduced on the 10th inst. in the Illinois House of Representatives by Leroy M. Green of Rockford.

Decision bouts and championship contests heretofore watched by Chicago fans in East Chicago and Michigan City, Ind., would be permitted in Illinois by the bill. A boxing commission appointed by the Governor would regulate the fights and levy 5 per cent of the proceeds for State funds. The same regulations would apply to wrestling matches.

RABBIT PUNCHES

WELL know tonight, after he tangles with Pete Latzo, just how good this chap Jack Rapaport is in the ring. He comes here with only one blot on his escutcheon—the nearly fifty fights—a knockout at the hands of that terrific sucker, Bobby Barrett. It happened just before Barrett came to the Coast in January for his fight with Berco, which was postponed when Bobby fell prey to the flu.

Up to that time Jack had been winning most of his fights by the destructive process of passing his opponents on the chin and watching the referee count ten over 'em. He had a string of over thirty kayos to his credit when Barrett bumped him off.

The knock-out of Rapaport was winning on points when a Barrett overhand right caught him as he was ducking, and he did a head stand and then a flop for the count.

That sounds like the Barrett modus operandi all right. Berco was leading on points up to the seventh at Vernon when the red-headed unleaded his right and Berco stayed down for nine. The only difference between this fight and the Rapaport fight was that Berco wasn't knocked out, and he was too dinky to be caught again with the same punch.

Tom Kennedy tells me they're going to start another lightweight elimination tournament at Hollywood to discover an opponent for Ace Hudkins. The Nebraska Wildcat has cleaned up everything in sight, so there's nothing left to do but begin all over again and dig up a dark horse.

Hollywood's first lightweight tournament was immensely successful. It wound up with Johnny Adams copping the title, but the San Bernardino boy only held it a short time, as Tommy Carter came along and knocked him out for the crown. Tommy took the trail of his predecessor when Hudkins bounded into the ring.

Kennedy wants to get some of the entrants in the former tourney in on this one, including Carter, Hoppe, Cello, Salvador and Adams. The latter has started a comeback and recently has scored knockouts over Billy Young and Young Bello.

In addition, Kennedy would like to have Jack Silver of San Francisco enter the lists. Quite correctly, he figures the rivalry between the two is the most interesting in the sport. Kennedy wants to get some of the entrants in the former tourney in on this one, including Carter, Hoppe, Cello, Salvador and Adams. The latter has started a comeback and recently has scored knockouts over Billy Young and Young Bello.

Jockey M'Hugh Has Big Day at Tia Juana
(SPECIAL DISPATCH)
SAN DIEGO, March 5.—Jockey M'Hugh, an apprentice renege, equaled the Tia Juana riding record for the season today when he piloted four winners in a row, starting with the first race on the program. His performance was the more remarkable because of his first four mounts, only one, Pannon, in the fourth, was a favorite.

Barney Stone was much the heat in the feature race, the sixth, which he won with two lengths to spare over Bateman. Melachro, the popular choice, was third. Not Enough, at 15.60 to 1, defeated the favorite, Lena Wood, by a neck in the fifth.

Mars Takes on Gene Delmont in Main Bout

Although K. O. Mars' eastern lightweight comes to the Pacific Coast boasting a victory over Jack Zivic and a draw with Sammy Mandell, two of the best 125-pounders in the country, he has drawn a tough assignment for his first local fight in Gene Delmont, the Memphis veteran. Delmont and K. O. Mars fight the eight-round spot at the Locomo-C. C. Saturday, in addition to the four-round main event featuring Ace Hudkins, Pacific Coast lightweight champion, and Frank Fink with Jack Dempsey as the referee.

Baby Gans and Joe Reams are billed in the semi-wind-up of six rounds. This is Gans' first appearance at the Locomo and he will be anxious to make his "reap" at the Spring-street club. The special event, featuring Harry Williams and Joe Gandy, will also be a six-round affair. Two four-round preliminaries are also billed on the "barren day" card of thirty-two rounds of boxing.

SOUSA WILL COMPOSE BASEBALL BAND MARCH

(SPECIAL DISPATCH)
CHICAGO, March 5.—At the invitation of Keneas Mountain Landis, high commissioner of organized baseball, Lieutenant-Commander John Philip Sousa will undertake the composition of a new march to be used at all ceremonies on American baseball fields.

Rodgers Landis and Mr. Sousa recently in Havana, and attended a double-header baseball game at Alameda baseball park.

During the game Landis, commenting upon the fact that "Take Me Out to the Ball Game" was virtually the only baseball tune ever written, and that it was hardly suitable for ceremonial purposes, asked Sousa to supply such a march.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs" consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$10, and twenty of \$1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a certificate of acknowledgment.

BRILLIANT KNABE ARTISTS

Brilliant Knabe Artists

appearing in the Grand Concert and Ball given by the Russian Mutual Aid Society at the

Denishawn Hall
Saturday Evening, March 7
GITA RAYEVA, Renowned Russian Ballerina

Miss Engel's appearance in important roles with some of New York's leading opera companies have won for her the enthusiastic acclamation of critics.

Lubovicki, lead of the Lubovicki Trio, and member of the Russian String Quartet, is considered one of the foremost violinists of this generation.

Both of these noted artists, to whom the choice of a piano is of utmost importance, will be

KNABE
exclusively and declare that their art is presented at its best only when accompanied by the matchless tone.

"ENOCH ARDEN" FOUND IN NORTH

Explorer Divorced by Wife Residing in Portland

Believed to be Dead After Five Years' Absence

Tells Research and Plan to Get Lake Mono Gold

(BY A. P. NIGHT WIRE)

PORTLAND (Or.) March 5.—Dr. Herschel C. Parker, explorer, whose wife, Evelyn Neagle Parker, obtained an "Enoch Arden" divorce in New York yesterday, was located in Portland today. He has been living at a hotel here. He declared he had left New York five years ago for the West to engage in research work, following estrangement from his wife. At the time of their marriage in 1911, Dr. Parker was in his 40's and his wife was in her teens.

Dr. Parker said he had established a residence in Reno, Nev., intending to apply for divorce and that when he learned his wife had started suit he abandoned his residence there.

NEW YORK, March 5.—Mrs. Evelyn N. Parker, who yesterday obtained an "Enoch Arden" divorce from Dr. Herschel C. Parker as a result of the latter's disappearance five years ago, was astonished this afternoon when she

LINEBERGER IS GIVEN PEN USED ON HARBOR BILL

WASHINGTON, March 5.—Congressman Lineberger was presented this morning at the White House with the pen with which President Coolidge signed the river and harbor bill providing for the Greater Los Angeles Harbor. When the President handed the pen to the Southern California Congressman he offered his congratulations to the port and the people of Southern California, saying that he personally hoped that all the commerce and prosperity that were estimated by those proposing the new breakwater and enlarged harbor would be realized.

Congressman Lineberger left tonight for Los Angeles. He will stop off for a few days in Virginia and the Carolinas to look over some of the former homes of his ancestors and will then proceed by New Orleans for Los Angeles. He expects to visit the Orient during the summer with his family, but before leaving will remain for some time in Long Beach.

FILM TROUPE IN GENERAL MIX-UP

Arrests, Suits, Discussions Follow Each Other

Stars Plan to Conduct Tour on Own Initiative

Washburn, Tighe Defendants in \$100,000 Action

(EXCLUSIVE DISPATCH)

DES MOINES (Iowa) March 5. Nine motion-picture stars sat in hotel rooms here tonight, jobless, recounting experiences of their eventful day, and wondering "What will Hollywood say?" Bryant Washburn, Cullen Landis, Katherine McGuire, Ena Gregory, Anna May Wong, Jack Daugherty, Harry L. Tighe, Carl Miller and Joe Murphy were doing the considering. Following are some of the events of the day which explain the reason why: Landis, Miss Wong, Daugherty, Miss Gregory, Tighe, Ena Gregory, Vaux, general manager of the Cine Production Corporation of California, and D. B. Fridner, a director, were arrested in their hotel rooms and taken to a "Black Maria" to the police station to answer charges of defrauding the Hotel Fontenelle at Omaha out of room and board bills totaling \$227.81. They were held in custody two hours while DeVaux secured \$227.81 and \$10.00 costs in a rowing tour of the city while in custody of a city detective.

(EXCLUSIVE DISPATCH)

They conferred with attorneys relative to their desire to file suit for \$50,000 against the management of the Hotel Fontenelle. Washburn and Tighe were jointly and severally sued by the Cine Production Corporation of California for damages of \$100,000 each for conspiring to induce certain film actors to breach their contracts and for defamation of character. A co-operative organization was formed with nine members, all actors, who plan to continue a personal appearance tour of the country. Back of all these things was the start two weeks ago last Saturday of a Hollywood film troupe with the film troupe with the company set out in two special cars. Wanda Hawley returned to Hollywood ill but it is said the company was another reason. The company was the drawing card at the dinner staged in Dallas. Port Worth, Muskogee, Oklahoma City, Atchison, Springfield (Mo.) Kansas City, Omaha and finally Des Moines. From Omaha, Phyllis Haver, who had taken Miss Hawley's place as chief feminine star, returned to Hollywood ill, but it is said there was another reason.

(EXCLUSIVE DISPATCH)

At Omaha, as in other cities, the business was poor. None of the actors or actresses, it is claimed, received the amount due them according to contract. Some had received small amounts, but mostly it was in the form of living expenses paid. Monday night the company prepared to depart for Des Moines. Those who were arrested here today were living at the Hotel Fontenelle, the expenses charged to H. A. De Vaux, manager. As they were about to set out, those here declared Mr. De Vaux told them that they had better "hang on" to what money they had and that for this reason he had "taken care" of their bills with a "draft." They departed and no objection, it is said, was made by the management.

After the performance here Tuesday night under the auspices of the Shrine Temple, railroad officials gave notice that they required the return of the two special cars and the picture stars and their managers moved to a hotel. Helen Holmes departed for Oklahoma City to fill an engagement. Joe Murphy signed for personal appearances in a local theater. In the wee small hours today newspaper men informed the actors of the issuance of warrants in Omaha for their arrest.

This they declare was their first knowledge that the hotel bills had not been taken care of. All were assured that they would be paid early this morning. Most of them had first knowledge to the contrary when detectives rapped at doors of those accused and took them without ceremony to the office of Inspector of Detectives Carl Vonn.

(EXCLUSIVE DISPATCH)

WASHINGTON, March 5.—Definite recommendation that motor vehicles be taxed so as to increase the present revenues for State highway construction and maintenance at least \$10,000,000 a year is made in the completed majority report of the highway committee of nine, which will be filed in printed form with the Legislature tomorrow morning. The committee also recommends a bond issue of \$25,000,000 to provide funds for the construction of bridges and the elimination of dangerous railroad grade crossings. Features of the preliminary report of the committee were made public some time ago.

The committee would supplement the present revenues for construction purposes by adding 1 cent to the 2 cents per gallon motor-vehicle gasoline tax by increasing the motor-vehicle registration license fee from \$3 to \$5 per year. This added tax, the report declares, would make the motor-vehicle taxes in the State 3.5 per cent of the cost of the operation of the average vehicle.

If the committee's recommendations are adopted by the Legislature the average yearly State tax on pleasure automobiles will be \$16.85 for license fees and gasoline taxes and for trucks \$20.42. The report says the average for the country in 1924 was \$21.28. The printed report contains 100 pages, including graphs, charts and other data.

Beverly Hills Heights

THE reason Napoleon succeeded in crossing the Alps is because he knew the roads.

So we now give you explicit directions how to reach Beverly Hills Heights so you will not lose your way and miss the big opening sale of lots next Sunday, March 8:

Motor out Wilshire. When you get into the City of Beverly Hills, the first pretentious building on your right is the Bellshire drug store.

Oposite this drug store is the John Vaughn Corporation office. One block farther, and you will be impressed with the very modern building of the Walter McCarthy Company. This is the corner of Beverly Drive, where you turn South to reach Beverly Hills Heights.

Turning South, you will at once see the hill on which this unusual view property is situated. It is close by the Hillcrest Club. Very few spots between the mountains and the sea have so remarkable a landscape as Beverly Hills Heights. It just coaxes the eye to picture it two years hence, with fine homes, gardens and winding streets bordered with luxuriant planting.

You can drive your car right to the top of Beverly Hills Heights because streets are developed now. Drive to the top and look upon the valley spread about you. From the city to the sea, you will get one of the most impressive views, with the beautiful back curtain of mountains to the north and west, the glint of the sea in the south and the faint outline of downtown Los Angeles eastward.

If you start from downtown, set your speedometer and you will find it is just eight miles to Beverly Hills Heights, midway between the city and the sea and right in the zone of Los Angeles' remarkable westerly growth.

The simple act of pasting these directions in your hatband may help you to get a Beverly Hills home at a price you never dreamed. As low as \$2200. Think of that!

HOOVER STUDIES RADIO PROBLEM

Will Renew Plea for Fund to
Conduct Experiments

Interference Growing More
Serious, He Declares

Hopes to Find Scheme for
Eliminating Confusion

(BY A. F. NIGHT WIRE)
WASHINGTON, March 5.—Although an appropriation of \$125,000 approved by the Budget Bureau for use by the Commerce Department in attempting to eliminate radio interference was killed in the final legislative jam in Congress, Secretary Hoover said today the request would be renewed before the next Congress. Interference in radio broadcasting has become more and more serious, the Secretary explained, and a part of the fund asked for was intended for investigation to determine the distance and direction of radio impulses from each station. "We have hoped that another year of experiment and progress in the art might indicate what could be done," Mr. Hoover said. "As the matter stands at present, we have people notifying us almost daily that they intend to put a station in operation. The only thing that can be done is to divide time with existing stations, and this naturally adds to the expense and inconvenience of both radio listeners and operators of the better class of stations now established. "It is difficult to determine how the confusion will work out. It has been suggested that a variety of what might be called 'radio public opinion' can be called in to help the matter. That is, radio listeners who prefer programs sent out from a particular station to the exclusion of those sent out from competitors, may be able to express their desire. If anyone can work out a scheme which would attain this result and

LEADERS OF GUARDSMEN IN SESSION

State Adjutants Urge the
Revision of National
Defense Act

(BY A. F. NIGHT WIRE)
WASHINGTON, March 5.—A revision of the National Defense Act, so that the National Guard may be developed with a more definite goal in view, was urged by speakers today at the opening of a conference of adjutants-general of the various states.

Mr. Gen. Richards, chief of the militia bureau of the War Department, declared development of the guard had been hampered by lack of appropriation. A National Guard reserve that would insure strength should the emergency arise, Gen. Richards said would cost \$50,000,000 a year.

Secretary Weeks declared much of the former "unfortunate rivalry" between the National Guard and Regular Army was caused by mistaken interpretation of the word "militia" to mean National Guard.

He declared that when Gen. Upson, in his "History of Military Policy" commented on the inefficiency of the "militia" he meant the unorganized units and not the trained guardsmen. "The militia," he explained, "includes all citizens between 18 and 45 years of age."

WASHINGTON, March 5.—Application was made today to the Interstate Commerce Commission on behalf of the Western Pacific and Southern Pacific railroads for the right to purchase the belt line railroad in Alameda, Cal., from the U. S. Government. The two railroads promised in a supplementary application to pay \$486,000 for the belt line and for the construction of necessary extensions and connections.

The belt line is barely one mile long. It serves the waterfront industrial areas on the San Antonio estuary in San Francisco Bay.

TUCSON (Ariz.) March 5.—Decision has been made to make the Tucson Rodeo an annual event. The wild-west exhibition recently closed is considered to have been significantly successful, while it was closed by visitors as comparing favorably with the great round-ups that have been known for years at Cheyenne and other points. The show here was presented by the Arizona Polo Association.

TO CONTINUE RODEO
TUCSON (Ariz.) March 5.—Decision has been made to make the Tucson Rodeo an annual event. The wild-west exhibition recently closed is considered to have been significantly successful, while it was closed by visitors as comparing favorably with the great round-ups that have been known for years at Cheyenne and other points. The show here was presented by the Arizona Polo Association.

NEW YORK, March 5.—Vessels landing, or attempting to land, bootleg liquor in the United States from anywhere on the high seas are amenable to seizure under the Tariff Act of 1922, Federal Judge Edwin L. Garvin ruled in effect in Brooklyn today in deciding in favor of the government in its forfeiture action against the Dutch auxiliary schooner Zeeland. Retention by the Federal authorities of one of the most valuable cargoes of liquor ever seized on a rum boat is the immediate result of Judge Garvin's ruling. When the Coast Guard cutter Seneca, in command of Capt. Philip H. Scott, captured the Zeeland on December 7, 1922, a short distance off Fire Island, 2130 cases of wine and champagne valued at about \$250,000 were found on board. The liquor is at present at the army base warehouse at the foot of Sixth street, Brooklyn.

FOR NEW POSTOFFICE
SAN ANTONIO (Tex.) March 5.—San Antonio may get a new postoffice postoffice this year. Postmaster P. G. Lucas said. Cost of the new building would run close to \$1,000,000. The building has been proposed in place of an annex to the present building, Lucas said. The present postoffice is overcrowded.

JUST MUMPS AILED TABBY

Ohio Family Pet Contracts
Juvenile Allment;
Owners Worry

ASHTABULA (O.) March 5.—The old pet cat of Mr. and Mrs. A. L. Schramling and their six children, who reside in Kingsville, was acting strangely. The fur around her neck stood straight out like a feather.

Tabby didn't want to be petted, Mr. Schramling investigated. Tabby's neck was swollen on both sides. A veterinarian was called. "Mumps," the veterinarian said. None of the family has had the mumps and all are wondering if they'll catch them from the cat.

EX-AIDE GIVES HELP TO PALMER

Hackfeld Witness Absolves
Property Custodian

Garrison Letter Mentions
Value of Company

Greene Asserts Trent Obeyed
Superior's Orders

(BY A. F. NIGHT WIRE)
SAN FRANCISCO, March 5.—Further testimony tending to solve A. Mitchell Palmer, wartime alien property custodian, or his representatives in Hawaii, of anything excepting the highest motives in their reorganization of the German-controlled sugar firm of H. Hackfeld & Co. in 1918, under the terms of the Trading-with-the-Enemy Act, is being given today in the records of the \$17,500,000 Hackfeld accounting suit on trial in Superior Court here.

Testifying as a court's witness, Henry Duncan Greene, one of Palmer's aides during the 1918 reorganization, made many statements tending to refute allegations of the Hackfelds against the reorganization, made many statements tending to refute allegations of the Hackfelds against the reorganization, made many statements tending to refute allegations of the Hackfelds against the reorganization.

NEW JAPANESE
ENVOY ARRIVES

Thinks Nippon Ready to
Enter Arms Conference

Disclaims Instructions on
Immigration Issue

Will be Guest at Dinner
While in San Francisco

(BY A. P. MIGHT WIRE)
SAN FRANCISCO, March 5.—Tsunoo Matsudaira, newly appointed Japanese Ambassador to the United States, arrived from Yokohama today.

The new Ambassador is to be tendered a banquet tomorrow night by the Japanese Association of America. On Saturday he will speak at a luncheon given by the Japan Society of America in honor of the California Press Association.

Asked whether he had any instructions regarding the immigration question the Ambassador replied: "You know this is not a special mission. I have no instructions in my pocket."

In a formally prepared statement, Mr. Matsudaira expressed his pleasure at landing on the shores of a great country with which his own country is bound with strong ties of friendship extending over sixty years. I am now proceeding to your capital on a mission of peace and good will. Japan wishes to live in peace for all times with her great neighbor on this side of the Pacific; a sentiment which is no doubt fully shared by the whole nation of the United States.

Utah Woman to
be Collector at
Hawaiian Port

(BY CABLE AND ASSOCIATED PRESS)
HONOLULU, March 5.—The Star Bulletin hears that Mrs. Jeannette Hyde of Salt Lake City has been appointed Collector of Customs for Hawaii, to succeed Harry Murray, who resigned yesterday at the request of Secretary Mellon "for the good of the service."

The Republican Territorial Central Committee has passed a resolution memorializing Secretary Mellon not to appoint anybody to the post who has not resided in the territory for at least three years, and protesting against the appointment of anyone from the mainland.

TO BUILD DEPOT
(CABLES)
FLAGSTAFF (ARIZ), March 5.—From Manager W. K. Etter has come assurance that the Santa Fe company is planning early construction of a new depot in Flagstaff.

NEW REPORT
ON KENNEDY
CASE ASKED

Wilbur Thinks Navy Man
Held in State Asylum
May be Restored

(BY A. P. MIGHT WIRE)
WASHINGTON, March 5.—After an examination of one medical report on which Lieut. Frank E. Kennedy was placed in the State Hospital for the Insane at Napa, Cal., Secretary Wilbur has asked the medical authorities at Mare Island Navy Yard for a further report on the officer's mental condition which may result in his being restored to duty and immediately granted leave to recover his health.

Habes corpus proceedings to obtain Lieut. Kennedy's release from the asylum, instituted by his wife in the State courts of California, ended in a decision that the court had no jurisdiction. The medical report in Kennedy's case, Secretary Wilbur said, showed that he was suffering from hysteria and nervous disorder that made him uncontrollable by the authorities at the Mare Island Hospital. He was sent to the State insane hospital for that reason.

Mr. Wilbur feels, however, that it is possible that Lieut. Kennedy, if restored to duty and granted leave would recover to a substantial degree under the care of his wife and relatives and has requested the opinion of the Mare Island navy physicians on that point.

Should the medical officers believe it hopeless to attempt restoration of the officer's mental balance by this means, he probably will be transferred to the government hospital for the insane here.

In the House there were four new members elected to fill two vacancies and two new places. The new members are Fredericks, California; Robinson, Iowa; Phillips, Pennsylvania; and Garber, Oklahoma. Managers of the House insisted that Capt. Fredericks be on this committee to give Congress the advantage of his past and varied experience in the handling of transportation matters.

The next session of Congress will see tremendous pressure on this committee for railroad legislation and California is fortunate in being able to secure such an important committee assignment this early in the career of Capt. Fredericks' service in the House. He is being congratulated on having secured practically every piece of legislation that he proposed as this session, including the money which will build a fireproof hospital at Savelle Soldiers' Home.

Capt. and Mrs. Fredericks will probably reach Los Angeles early in May and plan in the meantime a brief trip to South America.

PACIFIC COAST MAN IS
ARRESTED IN INDIANA

(EXCLUSIVE DISPATCH)
EVANSVILLE (Ind.), March 5.—Higgin Denison, 32 years of age, giving Portland as his address, entered a plea of guilty when arraigned before United States Commissioner Harmon in Federal Court on a charge of violating the Harrison Antinarcotics Act. Authorities believe that Denison is a member of an international ring of dope smugglers operating between Canada and the United States. He was bound over to the Federal grand jury and will be committed to the Marion County Jail under \$2000 bonds to await trial.

Miss Banks is said to have returned late in the evening to the home of friends she was visiting when the street brawl took place half a block away, which resulted in her receiving the painful wound from the attacker of the officer, being probably mortally shot, she said.

SHORTDRIDGE TO
GET GOOD PLACE

Expects to be Appointed on
Finance Committee

Refuses to Bow to Hiram on
Reclamation

Capt. Fredericks Making
Unusual Record

(EXCLUSIVE DISPATCH)
WASHINGTON, March 5.—Senator Shortridge may be added to the powerful Finance Committee of the Senate tomorrow when the new committee assignments are made. He is now a member of the Judiciary, Banking and Currency, Naval Affairs, and Irrigation and Reclamation committees. Senator Hiram Johnson, also of California, has demanded that he be placed on the Committee on Irrigation and Reclamation in order that he can dominate the legislation in connection with the Colorado River flood control dam. Senator Shortridge, who is now a member of that committee, refuses to relinquish his place and should Johnson be added to the committee it will be a new precedent for two Senators from any one State belonging to the majority party in power to serve on the same committee. Johnson wants to be on the investigation of the Colorado River, ordered by the Senate Committee on Irrigation and Reclamation, and it is determined that the all-American canal bill, which bears his name, shall be enacted in Congress regardless of conditions. Senators who are making up the committee are inclined to permit Johnson on this committee, but in any event Senator Shortridge will retain his place there.

In the House there were four new members elected to fill two vacancies and two new places. The new members are Fredericks, California; Robinson, Iowa; Phillips, Pennsylvania; and Garber, Oklahoma. Managers of the House insisted that Capt. Fredericks be on this committee to give Congress the advantage of his past and varied experience in the handling of transportation matters.

The next session of Congress will see tremendous pressure on this committee for railroad legislation and California is fortunate in being able to secure such an important committee assignment this early in the career of Capt. BROADWAY 5th & HILL — TELEPHONE BR 3940

Now showing a splendid line

Bigelow Grenoble Rugs

—we recommend them highly for many reasons

First, because they are the unusual and distinctive type of rug that the better homes demand—and are not high priced. Grenoble rugs are seamless, very thick and heavy, and are woven with the best yarns obtainable.

Second, because their delightful colorings and silky texture give them ready entrance to California homes. Walk on them and you sense the soft, cushioned feeling the high pile gives. You are delighted with their aristocratic appearance.

For instance:
—plain taupe with 9-inch black band border
—rose-taupe with 9-inch sand band border
—mulberry with darker shade band border
—jade green with darker shade band border
—blue center with dark blue band border
—sand center with plain blue border
—mulberry center with taupe border.

Third, because beside the regular sizes, special sizes 9x15 and 9x18 may be obtained and secured within two or three months.

These have just arrived
9x12 at \$97.50 9x10.6 at \$92.50
6x9 at \$55.00 27x54 at \$10.25

Gold mesh nets are 'the thing' just now!

Light in weight, airy and bright, these gold mesh nets are winning instant favor everywhere for their beauty and durable construction. They have a lasting sheen that reflects the sunlight and literally gleams at the window, and offer a pleasing range in price.

New figured rayon nets
36-inch width priced \$1.15, \$2.75, \$2.
40-inch width priced \$1.50, \$1.95, \$2.25.
45-inch width priced \$2.50, \$3.00, \$4.00.

St. Gall Curtains
\$3.95 to \$12.50 pr.
Beautiful Swiss point curtains in unusually effective patterns. Some have cut-work borders and others have Point Milan inserts and padded patterns.

Plain square mesh rayon nets
popular for hangings and bed spreads to match.
36-inch width priced \$1.00 and \$1.50 yard.
45-inch width priced at \$2.50 the yard.

Bert Farrar

IS WELCOMED TO LOS ANGELES

CITY OFFICIALS, Chambers of Commerce, heads of great development enterprises and citizens in all walks of life in Southern California are extending welcome and hearty congratulations to Mr. Bert Farrar, who is to launch his first Southern California enterprise here this week.

For 18 years Bert Farrar has been creating a reputation in the Pacific Northwest for skill and foresight in the building of great communities. Echoes of his 35 successful subdivisions there have frequently reached Los Angeles, and the fame of Los Angeles, in turn, reached Mr. Farrar so forcibly that he decided four years ago to make this community his future home and if possible the scene of his greatest operations.

The loss to Seattle is to be regretted, but when Mr. Farrar made this decision, Los Angeles gained a man who will do much to aid in the forward-march of progress here.

For two years, during his frequent trips to Los Angeles, he searched the Southland over for a piece of undeveloped property that could be molded according to his ideals of what a really beautiful and modern residential community should be.

Two years ago he found that the great 1600-acre private estate of J. C. Anderson, president of the Pan-American Petroleum Company, lying within eight miles of the center of Los Angeles, could be purchased at a very low price and he immediately acquired it.

Tomorrow it will be announced to all the world as CHEVY CHASE.

Ever since the date of purchase two years ago his own engineering organization, headed by Albro Gardner, Jr., and experts such as Franz Herding, noted Swiss city planning architect, have labored continuously with Mr. Farrar to prepare the ground work for the most beautiful, most accessible and most intelligently planned community ever placed on sale in any section of the United States.

Four great growing communities already bound this property on all sides, each one contributing to its matchless desirability.

GLENDALE, at the west gateway to Chevy Chase, offers the immediate advantages of its complete municipal facilities, such as schools, shops, banks, churches and rapid transportation service. Glendale is the fastest growing city in America today, and Chevy Chase is the next logical addition to this remarkable city.

FLINTRIDGE, on the north, offers to Chevy Chase a high standard of development. A neighbor to be proud of, soon to be joined to Chevy Chase by scenic drives, commanding superb panoramic views.

PASADENA, with its world famed hotels and streams of Eastern visitors, will contribute many new residents to Chevy Chase. Pasadena bounds Chevy Chase on the east.

And on the south, LOS ANGELES, with its all-embracing growth, will give generously to Chevy Chase of its second million of population.

Read the four letters reproduced in the panel on the right. These are fair samples of the many similar communications received at the office of Bert Farrar, Inc., on the eve of this great event, which starts next Sunday.

Los Angeles and its three neighbors, Glendale, Flintridge and Pasadena, have extended a hearty welcome to Bert Farrar. In grateful return for these cordial messages, Mr. Farrar announces the great new community of

Chevy Chase

Detailed History of
Hunt for Clews

(BY A. P. MIGHT WIRE)
NEW YORK, March 5.—W. E. D. Stokes, New York millionaire, on Monday stood today over the body of his wife, who died after a long and painful illness, in his investigation of the cause of her death. Stokes, a Chicago negro, was a criminal court jury member at the trial of the late Mrs. Stokes. He will continue his investigation tomorrow.

Stokes, the end of the season, the New York millionaire's voice dropped to a husky whisper as he leaned over the body of his wife, who had been in the hospital for some time. He will continue his investigation tomorrow.

Stokes, the end of the season, the New York millionaire's voice dropped to a husky whisper as he leaned over the body of his wife, who had been in the hospital for some time. He will continue his investigation tomorrow.

INDICT PAIR IN MYSTERY DEATH

San Diego Grand Jury Holds Suspects for Trial

Accused Men Companions of Murder Victim

Gather Evidence in Home in Fashionable Section

(EXCLUSIVE DISPATCH) SAN DIEGO, March 5.—Legal machinery moved today to the McMahon murder case when the county grand jury returned indictments charging Thomas A. Johnson and Hugh McGovern, formerly of Chicago, with the death of George McMahon, also of that city. A mass of circumstantial evidence which city and county authorities declare is conclusive, was presented to the grand jury this morning by Dist. Atty. Chester Connelley, who previously had filed charges of first-degree murder against McGovern and Johnson. McMahon, otherwise known as Byrnes and Patterson, was found murdered Sunday afternoon in a field near Old Town. Speedy work on the part of city detectives, who started with laundry marks as clues, brought about the arrest of Johnson and McGovern in a house in the Burlingame district, recently purchased by Johnson. Both men, who came here some time ago from Chicago, admitted knowing the dead man, but denied any knowledge of how he came to his death.

In the Burlingame house the police found several articles of blood-stained clothing, several pistols and definite evidence that a struggle had been staged in one of the rooms. Today it was learned that Johnson, McGovern and McMahon several days ago engaged a room at a local hotel and quarreled so loudly that hotel attendants summoned a policeman.

One hotel employee identified two suits of clothes, each blood-stained, as having been worn by Johnson and McGovern when the three men were in the hotel room. The respective suits fit the accused, the police declare, although the men deny ownership.

The police, in reconstructing the alleged murder in the Burlingame bungalow, maintained McMahon was sitting in a chair near a door and that he was struck down from behind with the butt of a heavy pistol. Attempts had been made, it was declared, to clean up blood stains on the butt of a heavy pistol near by, but without success. The supposition is that Johnson and McGovern, who were with McMahon, took to the Old Town field and there, probably under the cover of darkness, shot him through the ear and also stabbed him over the heart.

A pistol with strands of hair identified as McMahon's clinging to the butt of the gun was found in the house. This weapon Johnson admits is his. While the police were busy running down the McMahon case, word came from Chicago that Johnson's wife and child and her father, who live here, were found dead in a taxi cab for Los Angeles, had been traced to Chicago but had not been apprehended this morning.

Finger prints of Johnson, McGovern and McMahon have been sent to the Chicago police.

McMahon, according to word from Chicago, came west with Johnson and McGovern several weeks ago. His identity was established, the local police said, by an amputated left finger on the left hand.

COLLEGE GLEE CLUB TO MAKE LONG TOUR

WHITTIER ORGANIZATION TO GIVE CONCERTS IN COAST CITIES

(LOCAL CORRESPONDENCE) (Whittier as Picture Post)

WHITTIER, March 5.—The Men's Glee Club of Whittier College is to make an extended tour during the spring vacation, going as far north as Portland. Much interest centers in the annual home concert which the club will give in Whittier High School auditorium the 12th inst., after giving many concerts in near-by cities during the last month.

The club, which is under the direction of Prof. Joseph H. Hiett, head of the department of vocal music at Whittier College, is one of the best produced in years and ranks well up with the other college glee clubs of Southern California. The entertainment given by the club will be enhanced by the readings of Prof. Eugene Knox, member of the faculty of the college, and also by a four-piece orchestra, known as the Peerless Post Four. Ivan Knox is piano accompanist for the club.

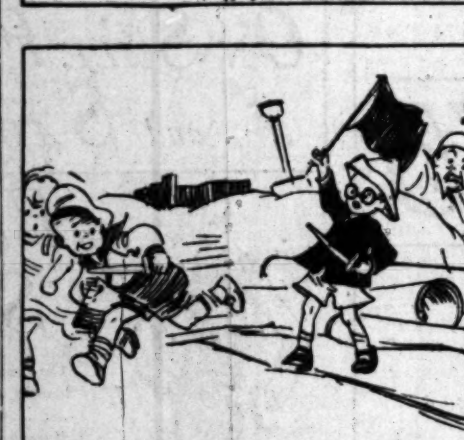

The members of the club are the Messrs. Roy Votaw, Lester Stevenson, Howard Gillette, Roland White, Victor England, Clifford Beale, Kenneth Cox, Addison Cole, Charles Ringland, James Gafford, Gordon Berger, Walter Word, Arthur Johnson, Clifford Smith, Harold Cunningham, Thomas Rowley, Ralph Peelle, Boughton Foster, Otis Young and John Painter.

PROPOSE HIGHWAY ON MEXICAN SHORE

(EXCLUSIVE DISPATCH) SAN DIEGO, March 5.—A paved highway linking Tia Juana and Ensenada and connecting with the Pacific Highway was to be constructed by the Mexican government as soon as funds are available, according to Gov. Abelardo Rodriguez of the Northern District of Lower California, who passed through San Diego today.

The outlined substantial development of the Northern District makes such a highway imperative, according to the Governor. Ensenada is about seventy miles south of Tia Juana and the proposed highway would parallel the ocean shore.

Pantomime—A New War With Italy

POLICE ARE THREATENED WITH SUIT

Asserted Spiritualists in Long Beach Say They Will Seek Damages

By a "Times" Staff Correspondent LONG BEACH, March 5.—Criminal complaints and civil actions against members of the Long Beach Police Department loomed here today in threats made by the six so-called "spook" spiritualists nabbed in a raid Sunday afternoon on Powers Center, former home of State Senator Joseph A. Rominger here. Determination to fight the charges of criminal conspiracy and operating a spiritualistic seance without a license was expressed here today by Mrs. Elizabeth Tomson, whom police allege, they nabbed while she was posing as the "spook" grandmother of Pierce A. Hodge of Huntington Park.

Hodge, who took police to the seance, made a flying leap at the so-called "spook" of his grandmother as it emanated from a cabinet. When the lights were turned on by police, he revealed that Hodge was holding grimly to the naked body of Mrs. Tomson, police assert.

The other defendants, nabbed in the raid, and who include Mrs. Tomson's daughter, Mrs. Clara Tomson, declared today that charges of assault upon Mrs. Tomson will be sought against Pierce A. Hodge, the Huntington Park youth who was the alleged exposé of the fake spiritualists.

In preparation for the trial of Mrs. Tomson, her daughter, her husband and three others taken in the raid, police today were endeavoring to gather records of the previous activities of the Tomson family in Chicago and Kansas City. The Tomsons, police allege, were exposed in a national magazine a year ago when they undertook to produce "spirits" in a national contest.

PLEADS INSANITY

Man Accused of Wife Murder Goes on Trial

(EXCLUSIVE DISPATCH) FRESNO, March 5.—Insanity will be the defense offered in the trial of James G. Gallagher, Redley business man, charged with the slaying of his wife at their home last August. Judge M. F. McCormick, chief defense counsel, made known during the course of the trial before Judge Denver S. Church today.

McCormick told the jury in opening the defense that he expects to call three alienists to the witness stand, and to introduce a family tree of the Gallagher family to show that insanity is hereditary among the Gallaghers.

Lucille Gallagher, a 14-year-old daughter of the defendant, was excused from the witness stand when she became hysterical during direct examination as a witness for the prosecution about the floor. These words were examined for the defense.

SAFE CRACKERS FLEE BEFORE JOB IS DONE

By a "Times" Staff Correspondent PARADENA, March 5.—After working for nearly three hours in an effort to open a huge safe located in the office of the R. A. Baker Company, 2100 E. Foothill Boulevard, amateur safe crackers were frightened away just a few minutes before they were to accomplish their object. The combination dial on the safe had been laboriously knocked off with crude tools, and the work of getting the heavy door open had been progressing for at least three hours, police believe, when members of the Baker firm returned and frightened the burglars away.

The haste in which they left was apparent, as sledge hammers, chisels and other implements were left scattered about the floor. These tools were also stolen, it was learned later, from a near-by construction company.

See Truce in Fight Against Water System

CAPITALIST THROUGH AT SAN JACINTO

Riverside Man Withdraws from Extensive Deal, But Angeleno is Active

(EXCLUSIVE DISPATCH) SAN DIEGO, March 5.—Final solution of the water controversy that has embroiled the city with the La Mesa Irrigation District and the Cuyamaca Water Company, was brought a step nearer today when the latter two interests announced they had accepted the compromise plan advanced by the State Railroad Commission. The matter is now up to the City Council, which is expected to recommend the issue to the voters.

Acceptance of the plan by the irrigation district and the water company was contained in a communication sent to the City Council this morning by Col. Ed Fletcher, president of the Cuyamaca company.

Conflicting claims over water rights in the San Diego River basin, in prolonged litigation. At the instance of the Railroad Commission, representatives of the three interests got together around a table, talked things over and decided upon a compromise.

Approval of the compromise by the voters is predicted by city officials.

TO ZONE CITY

Pomona to Adopt Plan in Vogue in Los Angeles

(EXCLUSIVE DISPATCH) POMONA, March 5.—Action to provide Pomona with a comprehensive zoning plan and ordinance similar to those existing in Los Angeles and Pasadena will result from a meeting of the Pomona City Planning Commission held today in the City Hall following a report made by A. L. Hickson on the attitude of the Supreme Court in enforcing rulings in cities of that class.

J. M. Paige, secretary of the Chamber of Commerce, was the author of the motion. Dispute over the power of enforcing zoning laws made by the local City Planning Commission caused Hickson to investigate the Supreme Court, which found that the highest court upholds zoning ordinances when they are part of a comprehensive city-wide plan.

Immediately following his report Paige moved that the major part of the commission for the year be the drafting of such a plan and ordinance for Pomona, with Hickson acting chairman of a committee in charge.

SMALL AD IN PAPER BRINGS MAN LEGACY

(LOCAL CORRESPONDENCE) LANKERSHIM, March 5.—M. A. Herron, a leading citizen here, always has been a believer in the power of advertising. He is all the more inclined that way now that some advertising done by another person has suddenly brought him a gift of \$5000. Last week, Herron picked up one of the Los Angeles newspapers to glimpse through the sport pages. Of a sudden he saw a small "ad" he saw that somebody was asking of his whereabouts. He answered the advertisement and found that a rich cousin had died in Detroit.

In making her will she left Herron \$5000. The cousin, Mrs. Catherine Minnis, an elderly woman, had lost track of her Lankershim cousin. However, the other heir knew he was somewhere out on the Pacific Coast.

Inserting a small "ad" in Los Angeles newspapers, Herron eventually was located here. Herron says he may use the \$5000 to endow a chair in the university that will teach that advertising pays.

ATTEMPTS TO END LIFE

(EXCLUSIVE DISPATCH) BAKERSFIELD, March 5.—Believed to have been despondent because of failing health, Mrs. F. C. Allen attempted to take her own life this morning by firing two shots from a 32-caliber revolver into her breast at her ranch home in Kernite Park, east of Bakersfield, according to the sheriff's office.

The wounded woman is in the Mercy Hospital with a slender chance for life, according to attending physicians.

ARREST MEXICAN SUSPECT

El Centro Officers Make Quick Hunt in Recent Burglary Case

(EXCLUSIVE DISPATCH)

EL CENTRO, March 5.—Quick work on the part of Officers James M. Applegate and Stirling Quirk resulted today in the arrest at Mexicali of Miguel Sanchez and the recovery of several valuable articles of jewelry he is asserted to have stolen from the home of Will S. Fawcett here Tuesday night.

Merely on the suspicion that the robber had made his way to Mexicali with his loot, valued at nearly \$5000, the officers visited the Mexican town and searched the dives frequented by Mexicans. It was learned that a Mexican had attempted yesterday to change a \$100 bill in a saloon. Several hundred dollars had been stolen from the Fawcett home.

This information led to the arrest of Sanchez, in whose possession was found much of the jewelry and money that were at once identified as belonging to Fawcett. Sanchez will be tried there for the Fawcett robbery.

MAY CHOOSE PASADENA

Crown City in Running for State University

By a "Times" Staff Correspondent PASADENA, March 5.—Word was received in Pasadena today that the regents of the Southern Branch of the University of California have eliminated for consideration all but two sites for the proposed institution. One of these sites is Pasadena, the other Beverly Hills. Members of Pasadena's committee, which included Dr. George Elmer Hale, president emeritus of Mt. Wilson Observatory, Henry M. Robinson, noted financier, Dr. Robert A. Millikan, head of California Institute of Technology, and J. B. Coulston, hotel man, expressed a feeling of optimism over Pasadena's chances of being chosen for the university.

Dr. Hale, president of the Pasadena committee, said that he had been chosen for the university. He said that he had been chosen for the university. He said that he had been chosen for the university.

FIND ALLIGATOR IN WATER WORKS POND

(LOCAL CORRESPONDENCE)

EL CENTRO, March 5.—Local naturalists are endeavoring to trace the origin of a small alligator found on a farm near the city water works here. The alligator, which measures twenty-one inches long, was discovered by R. L. Brown, a night watchman at the plant. No one is known to have possessed the reptile in this vicinity. It is believed it may have escaped when a small circus was wrecked on the San Diego and Arizona Railroad here last night. The alligator, which is probably seven or eight years old, is believed to have lived in the city reservoir for some time.

PROMINENT RANCHER CALLED BY DEATH

(EXCLUSIVE DISPATCH) ONTARIO, March 5.—Claudio Elena, wealthy and prominent rancher, died late last night at his home in the Etiwanda district at the age of 82, after an illness of several months' duration. He had been a resident of this section for nineteen years.

Funeral services, arrangements for which are in charge of J. B. Draper, will be held Saturday morning at 10 o'clock at St. George's Catholic Church. There will be a solemn mass in charge of the rector, Rev. Edward Rough.

It is to be held in the receiving vault at Draper's mortuary pending completion of plans for the erection of a family mausoleum.

MURDER TRIAL TO OPEN NEXT TUESDAY

(EXCLUSIVE DISPATCH)

SANTA BARBARA, Feb. 5.—Irry Denton, accused slayer of George Turner, king of bootleggers, awoke this morning from a natural sleep into which he lapsed late last night without gaining consciousness from the sudden malady which attacked him at 2 o'clock yesterday afternoon.

Preparations for the trial to start next Tuesday which were interrupted yesterday proceeded this morning. Attorney W. P. Butler, who will defend Denton for Los Angeles, held a conference with the defendant this morning and announced that he is ready to proceed.

STUDENTS GIVE CONCERT

TULARE, March 5.—The twenty-eight-man glee club of Stanford University will give a program at Tulare Union High School on the morning of the 23rd inst., according to arrangements made by Supt. J. S. Brainerd and Charles Beardsley, president of the Associated Students at Stanford.

Tentative arrangements were made with Beardsley for a program to be given at a dinner possibly by the two service clubs, provided dates and arrangements can be made locally.

HIGH TAX MAY CURB GAMBLING

Santa Barbara Council in Novel Effort to Prohibit Use of Slot Machines

(EXCLUSIVE DISPATCH)

SANTA BARBARA, March 5.—Having failed to drive slot machines out of Santa Barbara by imposing a license fee of \$100 on each machine, City Attorney Butcher is preparing an ordinance, at the request of the Council, requiring a \$400 tax for each automatic vendor.

The legality of the new machine has been established in Santa Barbara by a ruling in the Police Court after a restraining order had been sought in the Superior Court to prevent police interference.

The City Attorney obtained dismissal of the higher court case when he admitted the legality of the machines. The City Council, however, at the request of club women and others, levied the special license tax of \$100, believing that it would cause their elimination. Not one machine, however, has been removed, according to the police.

INTERCITY DISPUTE ENDED BY AGREEMENT

(LOCAL CORRESPONDENCE)

FULLERTON, March 5.—The withdrawal of Placentia Sanitary District from the Fullerton section of the joint outfall sewer was approved last night by a joint committee representing Fullerton, Anaheim and Orange. The withdrawal ends a period of dissension which has existed between the members of the Placentia Sanitary Board and the Fullerton Trustees since W. W. Krick, chairman of the Placentia organization, demanded release from a contract signed by himself, obligating his district to pay 10 per cent of the maintenance cost of the Fullerton section of the sewer line.

COURT DECISION CUTS BAKERSFIELD'S INCOME

(EXCLUSIVE DISPATCH)

BAKERSFIELD, March 5.—Bakersfield as a city will lose approximately \$40,000 annually by the decision of the Second District Court of Appeals in Los Angeles declaring Ordinance 148 in conflict with the Wright Prohibition Act, according to City Attorney E. F. Brittan today. The money must be made up by increased taxes, he said.

The decision was issued in Los Angeles yesterday in the case of E. S. Simmons, who, through a petition for a writ of habeas corpus, obtained a test case of the local ordinance.

The decision was issued in Los Angeles yesterday in the case of E. S. Simmons, who, through a petition for a writ of habeas corpus, obtained a test case of the local ordinance.
